Servicing the vSphere Distributed Services Engine on ThinkAgile VX

Lenovo

ES42460

August 2024

Prerequisites

- [ES41800E - Servicing the Lenovo ThinkAgile VX Series](#)
- [ES42015 - ThinkAgile VX Series: general troubleshooting and PD map](#)

Objectives

After completing the course, you will be able to:

- Provide an overview of the VMware vSphere Distributed Services Engine on ThinkAgile VX
- Describe the VMware vSphere Distributed Services Engine on ThinkAgile VX solution and how this solution works
- Describe the service flow
- Describe the problem determination steps and explain how to troubleshoot issues with the VMware vSphere Distributed Services Engine on ThinkAgile VX

What's new

Lenovo

What's new in August 2024

- Lenovo now supports dual DPU installation on the ThinkAgile VX650 V3 and ThinkSystem SR650 V3. For more information, refer to the next section – Dual DPU support.
- There is additional information about troubleshooting issues with DPUs. For more information, refer to the [Problem determination and troubleshooting](#) section in this course.
